

Scandinavian Handles Partner Program

Do you create interiors, design furniture, run a showroom, or work on projects for private and commercial clients? We invite you to cooperate with Scandinavian Handles - a place where details truly matter.

Since 2017, we have been curating furniture handles, lighting, switches, bathroom accessories, kitchen accessories, and decorative pieces from selected manufacturers and European workshops. Our offer is created for those who value aesthetic, durable, and visually refined products.

The Partner Program was created to make cooperation simple, transparent, and convenient: no contracts, no turnover thresholds, and no unnecessary formalities. All you need is an account, verification, and activation of Partner status.

Who is the Partner Program for?

We invite architects, interior designers, furniture manufacturers, carpenters, showrooms, design studios, and companies working on private and commercial spaces to join the program.

This is an offer for Partners who work with clients through carefully selected details and want easy access to a wide range of products suitable for different interior styles: from subtle and timeless to more expressive decorative forms.

Our offer works well for both individual projects and larger interior concepts where consistency, quality, availability, and the ability to quickly present an up-to-date online offer to the client are important.

Architects and designers

Quick access to details that can be easily matched to a concept and presented to the client.

Carpenters and furniture manufacturers

Handles, knobs, and accessories that elevate the final result and help make the project stand out.

Showrooms and studios

The opportunity to create displays and show clients real colours, textures, and finishes.

How to become our Partner?

Joining the program is simple and does not require signing a contract. We focus on cooperation that is flexible, fast, and convenient in everyday work.

All you need to do is register an account, contact our team, and activate your Partner status after verification.

1. **Create an account** on our website.
2. **Contact us** at partner@skandynawskieuchwyty.pl and let us know that you would like to join the Partner Program.
3. **Provide the e-mail address** used to create the account. After verification, we will grant you Partner status.

Important: please keep your login details and share them with the people responsible for placing orders in your company.

Create an account

Program benefits

The Partner Program is based on simple and transparent rules. Partners receive a permanent discount after account activation, with no turnover thresholds and no additional conditions. This makes the cooperation model predictable and easy to include in everyday design and sales work.

In addition to the purchase discount, Partners can use the commission program, a discount on display products, and support in promoting their projects.

Permanent 20% discount

Every positively verified Partner receives a permanent 20% discount. The discount is activated after account registration and granting Partner status.

40% display discount

Partners can use a one-time 40% discount on products intended for display or samples.

5% / 10% program

The Partner can share an individual discount code with their client. The client receives a 5% discount, and the Partner receives a 10% commission on the order placed with the code.

How does the commission work?

1. The Partner gives an individual discount code to the retail client.
2. The client creates an account or logs in, places an order, and enters the discount code in the cart.
3. The client receives a 5% discount, and the Partner receives a 10% commission on the order value.
4. At the end of the month, we send a list of orders and a summary of the commission due.
5. The commission is paid based on an issued VAT invoice or bill.

Commission is calculated only for orders where the Partner's discount code was used. If the client does not use the code, the commission will not be calculated.

Discount codes work only after logging in or creating an account. If the entire order is returned, the commission is not due. In the case of a partial return, the commission is calculated only for products that were not returned.

 Scandinavian Handles

How does the discount code work for the Partner's client?

The client enters the discount code in the cart.
After clicking Accept, the **5% discount** is applied automatically.

1 CONTENTS OF YOUR CART

PRODUCT	ESTIMATED SHIPPING TIME	AVAILABILITY	COUNT	PRICE	VALUE	ACTIONS

Marketing support and promotion

At Scandinavian Handles, we value beautiful projects and are happy to show how our products look in real interiors. That is why we also support Partners in building visibility and recognition among end clients.

- We can promote Partner projects in our channels, including social media, our website, and the inspiration section.
- The Partner can send photos of projects featuring our products. We are happy to publish them and credit the author of the project.
- We also share Partner materials as stories and reels, supporting mutual promotion.
- We regularly receive requests for recommended designers and architects, which is why we actively recommend and support our Partners.
- We help build the Partner's visibility and recognition among end clients and within the interior design industry.

Have you completed a project using our products? We encourage you to send us photos or tag the project with **#pięknowdetalu** and **@skandynawskieuchwyty**.

Product availability

Products can be ordered on our website even when their current stock availability is 0 pieces. This means that the product can still be added to the cart and ordered, and the order will be fulfilled according to the delivery schedule.

Many models are available in stock and ready to ship, while products sourced or made to order are processed according to the schedules of manufacturers and workshops.

Some products are made in European workshops, which gives them a unique character, texture, and finish. If you need a faster delivery time, we encourage you to contact us before placing a larger order.

More information: [What is the product availability?](#)

Delivery and shipping costs

We deliver orders in cooperation with trusted courier companies, ensuring safe transport of every shipment.

- Free delivery applies from a specified order value.
- The shipping cost depends on the delivery country, order value, and selected delivery method.
- Current delivery costs are visible in the cart when placing the order.
- For larger orders or project deliveries, we encourage you to contact our team.

How to place orders?

Orders should be placed directly through the website. This ensures that discounts are applied automatically and that the order is correctly assigned to the Partner account.

The Partner discount is applied automatically

After logging in to an account with active Partner status, the discount is assigned **automatically and visible in the cart.**

1 Log in to your Partner account. The discount is assigned to your account.

2 The Partner discount appears automatically in the order summary.

3 You do not need to enter any additional discount code. The discount code field does not apply to the Partner discount.

Discount assigned automatically to the Partner account

No codes — no extra steps, the discount works right away

Convenient shopping at the best prices

We do not accept orders placed by e-mail, phone, or messaging apps, because only online orders allow prices, discounts, invoice details, and commission settlements to be processed correctly.

The proforma invoice is generated automatically after entering the required details during checkout. Prices shown on the website are retail prices, and the Partner discount is applied after logging in to an account with active Partner status.

A convenient online catalogue and filters help you quickly select products for a project without having to browse through extensive catalogues.

Catalogues and price lists

The most up-to-date product catalogue is our website. The offer is constantly expanding, so prices, availability, and product variants are best checked online.

The online catalogue is always available and up to date, making it easier to present products to clients. The clear store layout and filters help quickly find the right models without using outdated PDF catalogues.

Partner prices are calculated as retail prices reduced by the current discount assigned to the Partner account.

The Partner discount is automatically applied during checkout and visible in the cart summary after logging in to an account with assigned Partner status.

Displays and samples

We want our Partners to be able to present products to clients conveniently and show their real texture, colour, and finish.

We also help select bestsellers, samples, and products that work well in showrooms, design studios, and client displays.

A one-time 40% discount applies to products purchased for display purposes.

Example displays can be viewed here: [Scandinavian Handles displays](#).

Important: before placing a display order, please contact us to confirm the details and receive a discount code.

Returns

Partners can return ordered products within 2 months of receiving the order. The extended return period makes purchasing decisions safer, especially for larger projects and consultations with end clients.

This gives more time to evaluate the product, compare finishes, and calmly match details to the project.

If the entire order is returned, commission from the discount code program is not due. If the client returns part of the order, the commission is calculated only for products that were not returned.

Detailed return instructions: [How to return an order?](#)

Contact

We care about fast and efficient communication. We provide support with registration, placing orders, product selection, displays, and explaining the program rules.

E-mail

partner@skandynawskieuchwyty.pl

Website chat

The chat is available in the bottom-right corner of the website.

Partner support

After granting Partner status, we will help with placing orders and explain the program rules.

Let's start working together

Join the Partner Program and gain a permanent discount, commission opportunities from referrals, display support, and access to an up-to-date product catalogue.

Create an account, contact us, and provide the e-mail address used during registration. After verification, we will grant Partner status and activate the discount on your account.
